The Luna is a clean, modern home designed for comfortable everyday living.

This 4-bedroom plus office, 2-bath layout features an open-concept main living area, creating a bright and connected flow between the kitchen, dining, and living spaces. The centrally located kitchen includes a large island, ideal for both daily use and entertaining.

A split floor plan provides privacy for the primary suite, while three additional bedrooms and a dedicated office offer flexibility for guests, remote work, or a home workspace. A dedicated laundry room, covered patio, and 2-car garage add everyday convenience.

Thoughtfully designed with both function and simplicity in mind, The Luna delivers a balanced layout with a modern aesthetic.
